Judges Training

By Tina Cox

Our Breed Mentors this year were Dorene Irish, Cindy Franklin on Saturday and Dana Mercer on Sunday. The weather was quite warm again this year for the event but that didn't keep people from participating. We had a great turnout of people and dogs; Gary Irish, Robin Short, Debra & Rick Ruz, Hailee Melow, Jan Treglown, Michelle & Dave Keehn, Rebecca Kowalski with her daughter Haley and niece Shelby, and Tina Cox. We were fortunate enough to have every color to present to the judges including some masked dogs and a wide range in ages from puppies to senior dogs. The mentors did a fantastic job teaching the judges about our breed. If you weren't able to attend this year maybe we will see you next year!

Supported Entry and First Sanctioned B/OB Match

By Dorene Irish

The MCBRC held its spring Supported Entry for the first time at the Shiawassee County Fairgrounds in conjunction with the Genesee County Kennel Club. We had a turnout consistent with entries of past years, those in competition being 6-9 (4-3). This was also the first time the GCKC had rings set up outside. They were a bit small for our breed, but club assured us they would be larger next year. Even so, it was nice to be outside. I know most dogs like it better outside too!

We had a luncheon and raffle planned, but did not get any attendees other than the board members and a couple of other members so the raffle items were held over for the September supported. So, there should be PLENTY of nice raffle items at the St. Clair show. Hope to see you all there.

The MCBRC also held its first Sanctioned B/OB Match on the Friday before the show. There was an entry of six in conformation with classes from Puppy to Veteran being represented. Dana Mercer of North Shore Kennel judged. There was one rally and two obedience entries. Amade DeCruydt judged.

Reed, was a real sweet girl. There are 3 things we'll never forget about her.

First, it had been some months since we had seen her when she was still a puppy. It was Cobo weekend and we were driving up the ramp to set up. On our way up, we noticed a van coming down. Of course, the first thing dog people notice is the dog, not the person. Well, we seen this pointy faced Chessie looking out the windshield and I said, "Don't tell me that's supposed to be a Chesapeake". A second later we noticed it was Maggie with Reed, LOL. Well, she out grew her gawky stage and turned into a pretty girl (thank goodness).

The second is how she finished her Utility title in back to back first places at the Livonia Kennel Club shows. We all headed to the show together, but somehow ended up getting there later than planned. Maggie didn't have time to warm Reed up, or sit around and wait for that matter. Well Reed did great and placed First. So after the show we were talking about it and Gary told Maggie she should do the same thing the next day, get there just in time. No warm up, no waiting around. That's what she did and Reed placed First again to finish her title. At the time she was the only CBR to take back to back First's in Utility. She still may be.

The third thing we'll never forget is how when we went visiting one day after not seeing Reed for a while, she was so excited to see Gary, that she stood on the arm of the sofa staring at him drooling. He wasn't even eating anything!

Reed is pictured here at 13 yrs old placing BOS from the Veterans Class at the ACC Supported Entry of the Kenosha Kennel Club.

Besides her own accomplishments, she gave the Irish line two National Specialty point Winners.

She was a great girl that will be missed.
